

REP-AIR

HEATING + COOLING

MAINTENANCE BOILER

Member
Price:
\$13/month

Reg: \$21/month

Keep the Heat On— and the Problems Away

Boilers require expert care to run safely and efficiently. Without routine maintenance, mineral buildup, pressure issues, and component wear can lead to poor performance or full system shutdowns.

Rep-Air's professional boiler maintenance service helps prevent costly repairs, ensures safe operation, and keeps your home warm when it matters most.

What's Included

- Inspect burner, heat exchanger, and combustion chamber
- Verify operation of circulating pump(s)
- Inspect and test pressure relief valve
- Verify system operating pressure and expansion tank condition
- Inspect for corrosion, leaks, and failing components
- Test thermostat, zone valves, and safety controls
- **Ask us how to get a \$50 FortisBC rebate**

Why It Matters

- Prevent mid-season breakdowns and heating disruptions
- Improve system efficiency and reduce energy waste
- Detect pressure issues before they cause damage
- Extend the life of your boiler and hydronic system
- Ensure safe, reliable heating during BC's coldest months

Why Rep-Air?

1. We see what others overlook
2. All work is verified using professional, industry-specific tools and technology.
3. Local, certified HVAC pros with high standards
4. Transparent, no-pressure service
5. Trusted by families across Mission and the Lower Mainland

REP-AIR

HEATING + COOLING

About Us

Company History

At Rep-Air, we don't just fix HVAC and plumbing systems—we build long-term solutions that work better, last longer, and serve your home with real integrity. Founded by Justin McIntyre and Eddie Calder, two Red Seal-certified trades professionals with decades of combined experience, Rep-Air was built from the ground up to raise the standard in our industry. From Mission to the Lower Mainland, our team is driven by technical excellence, strong leadership, and a deep belief in doing things right—not just fast. Whether we're tuning your furnace or installing a complete home comfort system, our goal is the same: real results, no shortcuts, and customers for life.

Referral Program

Know someone ready for a new system? Send them to Rep-Air. When your referral purchases a system valued over \$10,000, you'll receive a \$500 gift card as our way of saying thanks. Whether it's a friend, family member, or neighbour, your referral helps us grow—and we believe that deserves more than just a thank you.

Rebates

Ask us about available FortisBC rebates—get up to \$50 back on select equipment! Rebates include: Furnace – \$50, Boiler – \$50, Heat Pump – \$50, & Tankless Water Heater – \$50. Subject to FortisBC eligibility and approval.

What Others Are Saying

"Justin was very informative with the products available and options to fix and/or replace my outdated furnace.. my Installer Colin was very communicative with the progress and able to answer any questions."

Anita S.

"I couldn't be more grateful and pleased with Rep Air's quality service. Justin was courteous and knowledgeable, and gave clear details about the Furnace and heat pump to be installed. His explanation regarding the Fortis rebate was clear and appreciated. Colin went above and beyond with the installation, patience and problem solving with some genius solutions. His professional workmanship along with Rob was excellent. Their daily spic and span cleanup was much appreciated. Thanks to the entire Rep-Air Team especially Chantelle and Trish for their boundless patience!! I would not hesitate to recommend Rep-Air to others."

Lynda S.
